

# Mission Grant Recipients 2009

Submitted by: Martin Thompson

The Mission Grant recipients for 2009 are:

**The Berakhah House** submitted by **Diocese of Sioux Falls, South Dakota** – The Berakhah House is a ministry of the Diocese of Sioux Falls and is a home for people living with AIDS. The people come from various circumstances, ages and with out prejudice. The goal of the home is to offer hope to the resident as well as the family beyond the assisted living that is also offered. Funding from DISC would help to subsidize the food budget for residents and those still living in their apartments.

**Morgan County United** Ministries submitted by **Diocese of Steubenville, Ohio** – The MCUM is a Central Agency established by local churches for all people in Morgan County Ohio. They provide a thrift shop, food pantry, financial support, school supplies and of course “prayers”. They also have several programs such as Shoe-A-Child, Seeds for Life, Christmas Toy Distribution and Work Camps to help the needy with repairs and maintenance. With the declining economy and as unemployment grows they would use the funds from DISC to provide “Blankets of Care” to the homeless and persons involved in house fires.
